## Help Wanted!

One of the greatest needs facing the Assemblies of God in Oaxaca is church construction. Approximately eighty of the churches in this district are still under construction.

Many pastors will begin construction but they have no idea when they will finish. They will con-

tinue building until their materials run out, then they will stop until there are more funds to continue.

The picture on the top right is a church called Principe de Paz. It has taken over five years of construction to get to the point where they are today. On the top left is a picture of a partially constructed church that had to stop construction due to lack of funds and materials. However the bottom picture is one of

hope. Here, two teams came in and in less than ten days 90% of a church was constructed.

Many churches could be completed with your help. Before the end of our term we would like to see the completion of at least three churches. Please pray about sending a team from your church to help in these efforts. We are praying for at least three construction teams to come to Oaxaca and join us in these efforts.

## Alpha and Omega Bible Institute, Extension Nochixtlan

We would like to say a special thank you to Rev. Ray Mesa and the members of Templo La Hermosa in Coahuila, CA. With their help we were

able to start a new Bible Institute in the city of Nochixtlan, Oaxaca. The institute initiated in

the month of January with 17 students. Many of our students are from a Mixteco background. It is our hope to train at least ten bilingual Mixteco pastors that can minister in that dialect. We have been blessed with a wonderful group of students, three of which are pastoring at small preaching points. Please pray that God will continue to bless these students.

## Children's Outreach

During the month March we had the blessing of hosting a team from Iglesia Pentecostal Emanuel in Sylmar, CA. This team donated over 250 backpacks and other school supplies. The backpacks were used to conduct evangelistic children's outreaches. We were able to minister to over 200 children and over a dozen adults accepted Jesus as their Lord and Savior. We praise God for these new believers.
